AND CELLULAR FUNCTION

MINERAL
REPLENISHMENT

PRODUCT DESCRIPTION

Our **DEEP OCEAN TRACE MINERALS** product is a natural blend of essential minerals derived from the Pacific Ocean at an optimal depth of over 600m. *Potassium, Boron, Manganese, Phosphorus* and Zinc are among the naturally occurring trace minerals delivered in each capsule. The product also contains a mineral powder that is standardized for 15% Magnesium content.

The body needs larger amounts of macrominerals. They include calcium, phosphorus, magnesium, sodium, potassium, chloride and sulfur. You only need small amounts of trace minerals. They include *iron, manganese, copper, iodine, zinc, cobalt, fluoride and selenium*.

The five major minerals in the human body are calcium, phosphorus, potassium, sodium, and magnesium. All of the remaining elements in a human body are called "trace elements". Essential macro- and micro-minerals are contained in **DEEP OCEAN TRACE MINERALS**.

Various Reported Medicinal Properties of Deep Ocean Trace Minerals:

- Increase alkalinity
- Boosts energy
- Helps maintain healthy mineral reserves
- Bone health
- Muscle relaxant
- Supports brain and nerve health

SUGGESTED DOSAGE

Take one to two capsules per day after a meal or as directed by your physician. Do not use if pregnant or nursing. Stop use if adverse reactions develop.
